

# OUR GOAL

Our goal is to improve the “Health of the Hive” by building a world-class facility designed to educate Booker T. Washington High School students in the lifelong habits that promote physical, nutritional and mental health.

By raising **\$2.875 MM** we can build a facility that supports physical education and International Baccalaureate-level courses such as Sports, Exercise & Health Sciences.

Our educators have very limited resources to appropriately teach students about the benefits of long-term health and wellness.

With the new Hornet Fitness Center, educators and coaches will be able to provide both students and student-athletes with life-changing education and training programs using the new facility, equipment and curriculum.

## ABOUT BOOKER T. WASHINGTON HIGH SCHOOL

- Founded in 1913 to educate African American students
- Awarded National Blue Ribbon School status in 2019
- Ranked nationally in Academic, Speech and Debate, and Physics team competitions
- Ranked as the #1 high school in Northeastern Oklahoma
- Offers the International Baccalaureate Diploma program and the International Baccalaureate Middle Years Program
- Offers more AP classes than any other high school in Tulsa
- Boasts a proud tradition of academic, athletic, and artistic excellence
